Dear Community Supporter,

This year is poised to be another great year for the South Brunswick High School Bands. The high school bands are steadily growing and will be larger than last year. We are excited about the continuing growth and popularity of our programs.

With a band program of this size and activity there comes a need for significant funding to provide our students with the best experiences possible. A typical year budgets in excess of \$12,000 in fundraising efforts per year just to maintain a program. As we grow we will need more to provide some of the infrastructure to support a growing program. We understand that the economy may be placing a strain on many small businesses and that you may be receiving more requests for support than usual. However, we know that in order to have great community performing arts programs, we need the continued support of our community.

Please take a moment and look over the attached sponsorship program and see where you could be able assist our music programs at South Brunswick High School. The list explains the sponsorship levels and benefits of each. If you are interested in supporting our students financially, please make checks payable to the Pride of South Brunswick Band Boosters and send to:

We hope you will consider supporting our programs for the 2022-2023 school year. For more information, please email Michael Palmer at mpalmer@bcswan.net.

Sincerely,

Michael J. Palmer
